Decorative Concrete

Quality and attention to detail is the norm at Paving Your Way, LLC. Accuracy on the form set up, ensures uniform grades and proper drainage. This, combined with flowing curves, creates elegant patios, and smooth, graceful walkways.

After carefully selecting from a variety of stamps and colors, our staff is ready to get to work.

The finished product is only as good as the preparation. An even grade is achieved by removing topsoil and flattening out the subsoil. Processed gravel is installed as the base for the concrete, and is compacted. Wire reinforcing mesh is placed evenly throughout the concrete.

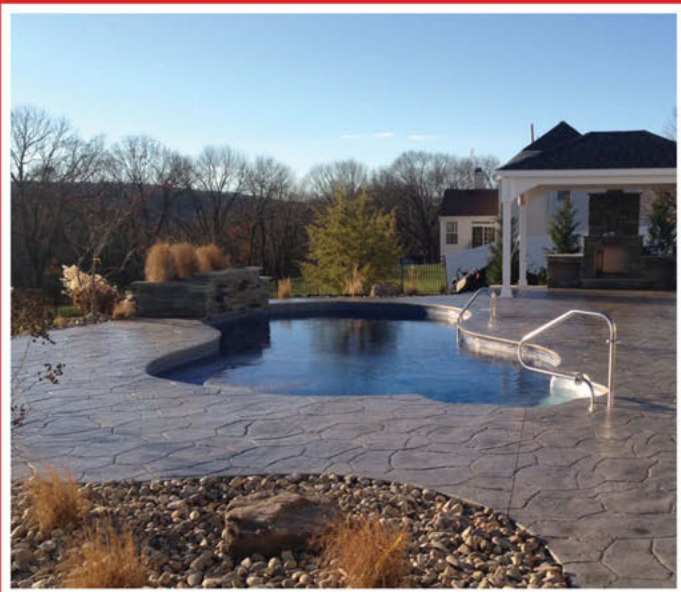

The concrete is mixed thoroughly in the truck, so the color is evenly distributed. A release agent is applied, preventing the texture mats from sticking to the surface. The release also acts as a highlighting color to provide rich accents.

Three dimensional texture stamps generate pattern and depth to sculpt a variety of designs.

The concrete will need to cure overnight. On the following day, expansion joints are sawed into place. The concrete is pressure washed to remove the correct amount of release agent and is also used to clean up any leftover splatter and dust.

Landscaping

Let us show you how to transform your yard into a showpiece your neighbors will be talking about.

The ideal hardscaping and landscaping job provides your family with recreation, privacy and pleasure - even as those needs change over time.

Fencing

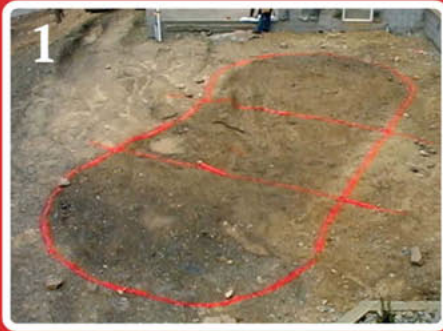

Looking for a pool barrier or to just simply enclose your yard...

Surround your pool or property with a distinctive decorative aluminum fence that is also maintenance free.

Fiberglass Pools

The pool layout is carefully marked for precision.

The dig begins the process for perfection.

The hole is carefully prepared to achieve the proper shape and depth.

The pool is set in place.

The pool is now filled with water and the backfill process begins.

The proper plumbing and electrical equipment is installed.

The concrete is poured around the pool.

Your lifetime guaranteed pool is ready for years of enjoyment.
